

Winter League 18 Hole Stableford Competitions when a Reduced Number of Holes are Open

To accommodate the reduced number of holes open on the golf course due to the weather, the following method shall be adopted for marking the score cards for 18-Hole Stableford competitions;

1. Hoylake score cards must be used and NOT the council cards to ensure the correct stroke indices are applied.
2. Scores to be recorded as below for the event when only holes 1, 2, 9 and 10 to 18 are open. (Should the number of holes open differ from above then the table will be amended)
