Statement on Annual General Meeting 2021

It will come as no surprise to you that at its meeting on Monday, 18th January, the Club Council agreed that the **Annual General Meeting** planned for 22nd February should be cancelled.

In truth, there was little business to be conducted since the Past Captains had previously agreed that I should continue as Captain for 2021 and there was very little for the Club Secretary and Club Treasurer to report. There has been very little expenditure this year and the Club Treasurer will include it in his Statement of Income and Expenditure at the next AGM.

I can confirm that the Officers elected at last year's AGM have all agreed to remain in post and together we are planning the programme of events and competitions for the new season. Until we are able to play again, I hope you and your families stay safe and in good health.

Best wishes

Captain
